## RECOMMENDATION LETTER

2020.11.18 Vilnius

To Whom It May Concern:

It is my pleasure to recommend Fathin Dosunmu for his future application for a specific job position.

I am Danas Masiliūnas, a Head of Enterprise Business Group Baltics at Huawei Technologies (Vilnius). I saw how Fathin Dosunmu actively participated in Seeds for the Future program, showed a great dedication on learning and communication with international team during the program. Which shows his capabilities quickly adopt in hectic and multicultural environment. I have seen many young professionals come and go, also when they couldn't finish the program and etc. Fathin Dosunmu is one individual who stands out uniquely.

During our program, Fathin Dosunmu displayed interest in 5G, AI, Cloud Computing, HMS and other disciplines. He showed a valuable personal skills, which was needed in order to complete this complexed program: responsibility, communicability, dedication, tolerance, ability to absorb information quickly, great knowledge with the technology background.

It's not just his technical skills that impress me, however. Fathin Dosunmu was a joy to our international team with because of his amazingly positive attitude and openness to cooperate. His curiosity and good communication skills (including fluent English) were also necessary and valued not just by myself, but by all project organizers and participants, who also responded about the participant very well.

I am absolutely confident that Fathin Dosunmu would be a great fit in technology position he is applying. Especially if it's related to multicultural environment.

If you need more information or specific examples, please do not hesitate to contact me at [www.linkedin.com/in/danasmasilionas](https://www.linkedin.com/in/danasmasilionas).

Sincerely,

Head of Enterprise Business Group Baltics

Danas Masiliūnas
