Web developer that learns through trial and error. Detailed understanding of complex, up-to-date programming languages and considerations. Experience designing and developing sites from concept to roll out. Even though I love to get my work done in the best way, I have a great sense of humour. Thorough grasp of react js and firebase contributes to generating custom script for specific organisational needs

Skills

Skill	Level
Web Security	Good
Fireabse	Excellent
Google Coud API	Excellent
React js	Excellent
C#	Very Good
ASP.net	Very Good
Can adapt to new tools and frameworks depending on task to be fufilled	Excellent
Javascript	Excellent
Restful API	Excellent
Docker	Good
Linux	Very Good
